This Week's... TAKE FIVE WITH CRAIG

Remember that we do not sell for two weeks. Our next will be August 9. On that sale we will have an early consignment of open Angus cows with half of them being on the young side. There are about forty cows in this consignment.

Rumor on the street is that the Stockyards has sold to new owners. If this holds true, which it looks like it will, possession will take place September 1, 2018. If the yards sells I have been invited to remain as general manager and I have accepted with great interest. Either way, you will probably not see any changes in the operation at MLE.

Call Steve Edwards to arrange to have your cattle picked up.

And... THE LIGHTER SIDE

A man feared his wife wasn't hearing as well as she used to and he thought she might need a hearing aid.

Not quite sure how to approach her, he called the family doctor to discuss the problem.

The Doctor told him there is a simple informal test the husband could perform to give the doctor a better idea about her hearing loss.

Here's what you do," said the Doctor, "stand about 40 feet away from her, and in a normal conversational speaking tone see if she hears you. If not, go to 30 feet, then 20 feet, and so on until you get a response."

That evening, the wife is in the kitchen cooking dinner, and he was in the den. He says to himself, "I'm about 40 feet away, let's see what happens." Then in a normal tone he asks, "Honey, what's for dinner?"

No response. So, the husband moves closer to the kitchen, about 30 feet from his wife and repeats, "Honey, what's for dinner?" Still no response. Next he moves into the dining room where he is about 20 feet from his wife and asks, "Honey, what's for dinner?"

Again he gets no response.

So, he walks up to the kitchen door, about 10 feet away. "Honey, what's for dinner?"

Again, there is no response.

So, he walks right up behind her. "Honey, what's for dinner?"

"Clyde, for the fourth time... CHICKEN!"
